Vegetables: delivered every week. Nutrient-dense produce has the color, texture, and taste that only comes fresh-picked from local farms. We do not use synthetic fertilizers and pesticides.

Eggs: 1 dozen every other delivery. Eggs have deeply colored yolks from free-range hens.

Raw Dairy: We graze our Jersey cows on organic pastures, producing A2–A2 milk filled with flavor and nutrients. Cows are fed hay and a small amount of corn silage over the winter to supplement pasture. We do not feed grain.

Raw Goat's Milk: Delicious milk from pasture-raised goats.

Beef: One delivery, packaged and frozen. Grass-fed and grass-finished cattle yields beef with fat yellow in color, indicating improved nutrients and flavor. Includes steaks, roasts, and ground beef.

Chickens and Turkey.

After the brooder stage, birds live in large pens moved to fresh grass daily. Poultry is hand processed and has superior flavor and texture compared to factory farmed birds.

Lamb: One delivery, packaged and flash frozen. Our lambs, raised naturally and humanely, are fed primarily grass, supplemented with hay and a small amount of GMO-free grain.

Honey: 1 pint (1.5#) jar. Local, unpasteurized, unprocessed, unfiltered wildflower honey.

Our products are raised without hormones or antibiotics, and no MRNA vaccines. We use non-GMO seed and feed.

1 Mark number of shares and/or first dairy order. For a la carte items, such as extra eggs or bulk orders of vegetables, email fruitfulhillsfarms@fruitfulhillscsa.com
